**From the President: A Partnership in Caring to Preserve the Rural Character of Our Community** At the August General Membership Meeting we provided an educational forum opportunity for Baltimore County District 3 Councilman candidates to present their particular qualifications for this important office. Incumbent Todd Huff and State Delegate Wade Kach presented compelling arguments as to where they stand on vital issues to our community. Good questions were asked of the Candidates, by those in attendance, and the Candidates' responses further reinforced their positions. The remaining District 3 Councilman Candidate, Laurie Taylor-Mitchell will present her qualifications at the November 13, General Membership Meeting and she will be available to answer questions.

The Candidate selected to fill The District 3 Council Seat is vital to the continuation of land preservation and critical community zoning decisions, so necessary to preserving the rural character of our community. The Hanover Road Association forms a "partnership in caring" with the District 3 Councilman.

At our November 13<sup>th</sup>. General Membership Meeting we will recognize the Honorable T. Brian McIntire District 3 Councilman (retired) with an Honorary Membership in the Hanover Road Association, for his sixteen years "partnership of caring". Councilman McIntire's efforts while in office resulted in extensive land preservation. His desire to seek reasonable resolutions to community zoning issues made the quality of communities stronger in the northern Baltimore County region.

Please attend our November 13<sup>th</sup>. General Membership Meeting so that you can be better prepared to vote for a District 3 Councilman who will be best at belonging to a "Partnership in Caring to Preserve the Rural Character of Our Community".

**November Business Spotlight: Leyland Landscape Professionals - 14419 Old Hanover Road, Reisterstown, Maryland 21136-4201**

Lee Yachimowicz started his company in 1982 on the beautiful farm in Reisterstown where he grew up. He named the business Leyland Landscape Professionals; L.E.Y. his initials and land because the business deals with the land. His brother-in-law, Brent Cassell, joined the enterprise in 1990 bringing his extensive experience in plant knowledge and landscape design.

Leyland Landscape Professionals originally served residential clients with services in design, plantings, hardscape, stones, walls, brick walkways and a full service lawn care operation. Now Leyland Landscape Professionals have become a trusted source for year-round services to commercial property owners and management companies.

If you ride by Leyland Landscape Professionals, where Piney Grove meets Old Hanover Road, you will see a beautifully landscaped property with a very nice Cape Cod home, which surely maintains the rural character of the area.
