

On The Road

THE NEWSLETTER OF THE HANOVER ROAD ASSOCIATION, INC.

February 2010

Our February 10, 2010 Hanover Road Association meeting will be held at the Pearlstone Conference Center located at 5425 Mt Gilead Road.

Mr. Phil Humbertson the 3rd District Engineer for the Maryland State Highway Administration will be our Guest Speaker this month.

There are several proposed changes to be made along the Hanover Pike that will make for a safer highway while improving the flow of traffic. Currently there are site plans being developed for proposed improvements at the intersection of Emory Road and Hanover Pike. A storm water management pond or holding area will be constructed in the farm fields south east of the intersection. Preliminary engineering work started several years ago to upgrade this intersection to meet the increase in traffic along the Hanover Pike and at this intersection.

Guest Speaker for April 14, 2010 Meeting

T. Bryan McIntire, Councilman, Third District will be our guest speaker for the April 14, 2010 Hanover Road Association Meeting.

New Baltimore County Agriculture Resource Center is under construction.

Construction is well underway for the new 2 story office buildings that will house the USDA – Farm Service Agency, Soil Conservation Services, Natural Resources, Cooperative Extension Services and the Maryland Horse Breeders. Located on 149 acres at 1114 Shawan and Cuba roads the site calls for Demonstration Vineyards, Master Gardens, Greenhouses, and Livestock Barns & paddocks with a working farm to be maintained along Shawan Road.

A Vote of Thanks

As a community we would like to thank two new neighbors for their efforts in improving the appearance of their newly purchased properties. They have removed old abandon vehicles, junk, trash and improved the structures on the properties. The farms are located at 14445 Old Hanover Road and
